Foreword

Being a turn from the 1970's to the 1980's, East High School is turning from the conflicting turbulences of the early 1970's to the harmonizing atmosphere of the 1980's.

One of the reasons for this change is the search for unity and teamwork in sports, student activities and cooperation between the student body and faculty. This started with the integration plans in 1976 bussing students from three area high schools.

With the turn of a new decade we have set our minds to get ourselves together and to make East High School one of the proudest high schools ever and let it be known that we are able to attain the highest area of unity and pride in ourselves and our school.

Dedication

We, the 1980 Eastonian Staff, wish to dedicate this book to the Spirit of the 80's.

This year is the dawning of a new decade. Yesterday is history, alive in memory, yet forever lost in time. The future now opens before us with a promising new spirit. The spirit to Accomplish, enabling us to overcome all obstacles and endure all trials. This year has also brought a new feeling of unity and strength.

May the spirit and determination of the 80's burn as bright as possible, sparkle and kindle, until we hand the torch over to the next generation.

We now present to you the 1980 Eastonian Yearbook.

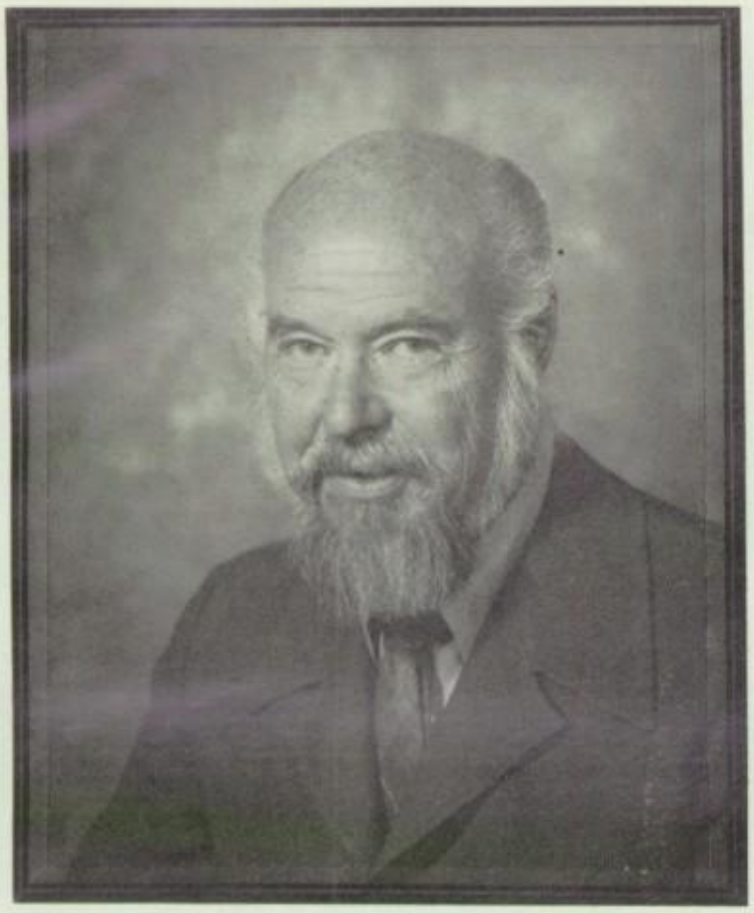
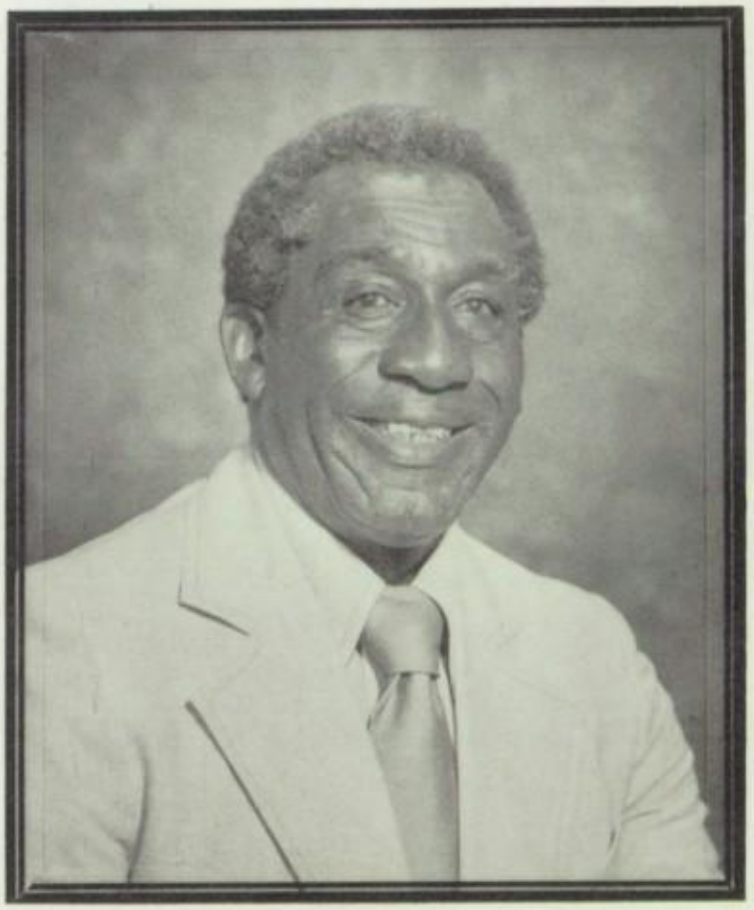
A New Face At East

Arnold Davenport, the new principal at East, was born in Omaha, Nebraska. He had been a principal for ten years before he reached East. Mr. Davenport stated that he thinks East is fantastic. He says with the parental support we have at East and the school effort combined together we are bound to be #1 in the 1979-80 school year. With the enthusiasm and back up Arnold Davenport has, we are bound to have a #1 principal.



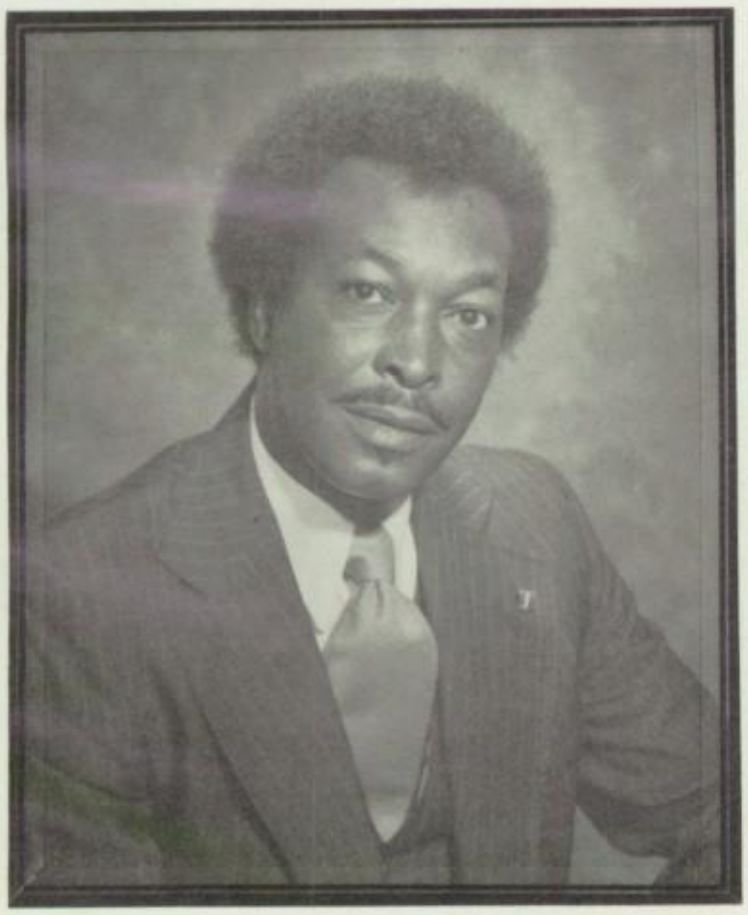
Mr. William Ridley

Mr. Ridley is our Senior Assistant Principal, and has been Assistant Principal at East since 1965. He works in the Student Service Center. His main responsibilities are to establish schedules, enrollment procedures, grade rosters, program changes, and grade cards. Mr. Ridley deals with Senior and Sophomore disciplinary problems. He is a man the seniors and sophomores will need at one time or another.



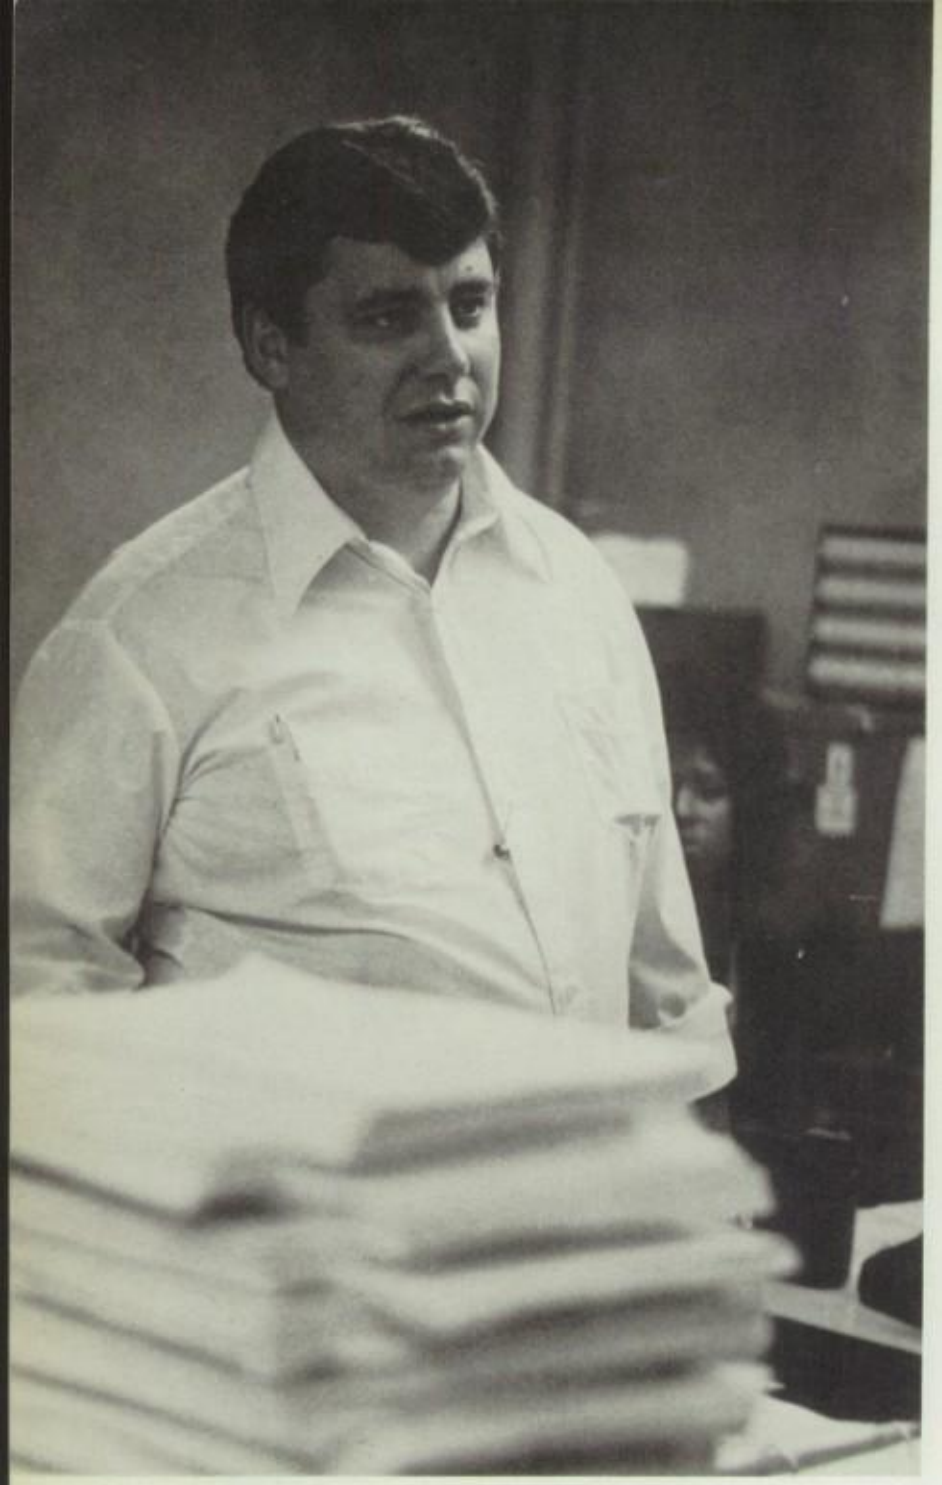
Mr. William White

Mr. White is another one of our Assistant Principals and has been here at East since 1970. This year Mr. White's job is a little different from last year. He is over Instructional Service, in which he has the responsibilities of evaluating each teacher, secretary, and building manager.

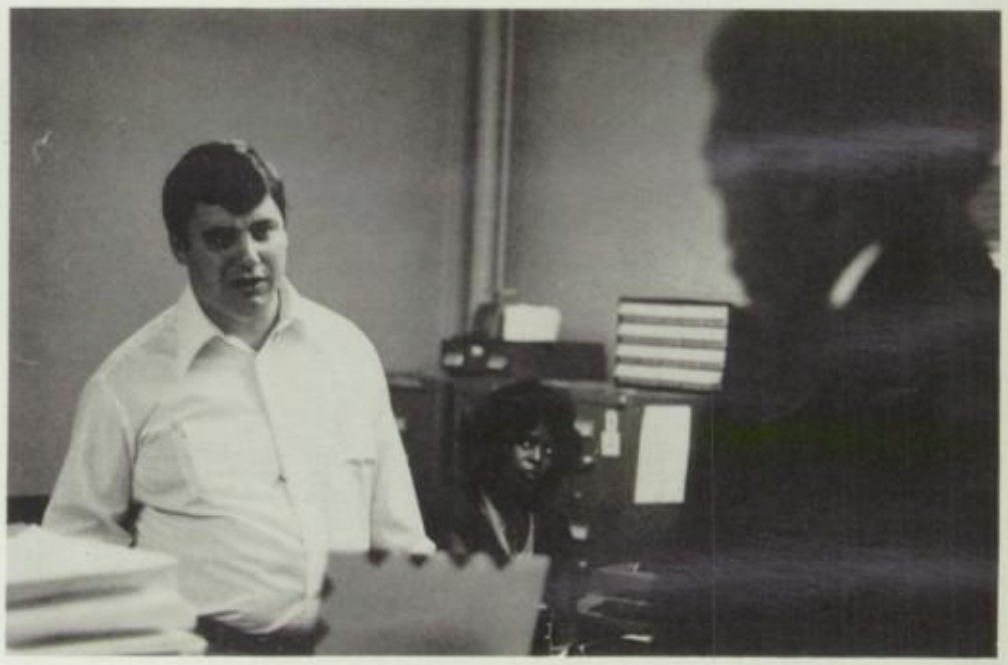


Mr. Tony King

Mr. King is an Assistant Principal here at East. He has been with us for two years now. Mr. King has the responsibilities of evaluating security and handling the Freshman and Junior disciplinary actions. He is in charge of the lunch program and in helping the other Assistant Principals in keeping everything running smoothly.



Mr. Davenport studies the situation.



Mr. Davenport gets the point across.

Instructional Motivators

Mrs. King is a Resource teacher here at East High. She helps to improve students' grades and standardize test scores. Mrs. King also is the Director of the Career Minigrant Project.

Ms. Watkins is East High's Reading Specialist. She helps those students who have difficulty in understanding and reading the material in particular areas.

Mrs. Linda King

Ms. Linda Watkins

COUNSELING STAFF

Mrs. Carol Allegrucci

Mrs. Lucinda Britton

The East High School counselors are very important people to us, the student body, in more ways than one. They aid students in course selection and evaluate career interests and choices.

The counselors also offer recommendations to colleges and potential employers according to provisions of student records. They confer with the parents whenever necessary. They are involved in a great variety of tasks with the students of East High School.

SENIORS SAY 'GOODBYE'

Seniors Say "Goodbye"

Farewell, East High School,

Seems like only yesterday that we were Freshman, turning from Junior High School to Senior High School, with so many things to learn. The next year seemed to pass by so fast, and the next one was right around the corner.

Our Sophomore year was one full of hopes, dreams, and books. Turning from quarters to semesters, we were finally Juniors. This was the most exciting year of all. Just knowing that we would be Seniors next year was enough joy and excitement for the whole year. We waited patiently and quietly for graduation, so that after that night we could officially call ourselves Seniors. Not only have we turned our last corner of high school, but we have turned toward a new decade.

We hereby declare that:

We are Seniors!
We are a graduating class!
We are the Seniors, the graduating class of
NINETEEN HUNDRED and EIGHTY!

CHESS CLUB

This looks to be the best year the Chess Club has ever had. With four returning lettermen, John Huffman, Dale Walker, Joe Wright, and Steve Walker, they have already enjoyed their greatest success ever. They won 1st place in the Shawnee Mission East Tourney and achieved the first clean sweep of a tournament with a perfect score, never done by any team at East. The team won 25 out of 25 games with every team member winning a board trophy.

With a new sponsor, the team is favored to win the Metropolitan City Cup Tournament and the State Tournament. The Chess Club is really on the move.
